Subject: bank of walmart

Please do not allow Wal-Mart to form a bank. They are already too powerful and abuse their power to manipulate market prices and put not only small businesses but, also large, long standing corporations out of business. The potential impact they could have on the financial world is very frightening. Wal-Mart's track record of driving out the competition is very clear and is just below the limits of anti-trust, I can't even imagine what would happen if they owned banks as well. Please help keep America the land of the free as opposed to the land of the corporate dictator.
